Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

As a Rig Electrician at Enafor, My expanded roles and responsibilities include: Monitor Electrical Systems: Continuously check power distribution systems and ensure efficient operation of all electrical components. Install Equipment: Assist in the installation, testing, and commissioning of new electrical and automation systems. Documentation: Maintain detailed logs of maintenance, repairs, and inspections for compliance and auditing purposes. Compliance Audits: Ensure electrical systems meet company, industry, and regulatory standards. Equipment Testing: Conduct regular testing of high-voltage equipment and safety devices. Emergency Systems: Maintain and test backup power systems, such as UPS and emergency generators. Collaboration: Work closely with mechanical, hydraulic, and drilling teams to ensure smooth operations. Risk Mitigation: Identify potential risks in electrical systems and implement preventive measures. These responsibilities ensure the rig's electrical systems operate safely and efficiently, supporting uninterrupted drilling operations.
