-----------------------------------	--

A highly skilled Consultant Drilling Supervisor (DSV) with over 15 years of experience in onshore drilling, well intervention, workover, and re-entry operations across Egypt and Saudi Arabia. Adept at optimizing drilling performance, enhancing well integrity, and ensuring strict HSE compliance while leading diverse well operations, including HPHT, highly deviated, and Deepwater wells. Proven track record of reducing drilling time, minimizing non-productive time (NPT), and implementing advanced well control, cementing, and fishing techniques. Expert in directional drilling and sidetrack operations, utilizing industry-leading tools to achieve precise well placement and enhanced reservoir access. Strong ability to troubleshoot complex drilling challenges, including stuck pipe recovery, loss circulation control, and wellbore instability, to maintain continuous operations and minimize downtime. Passionate about mentoring and training drilling teams, fostering a culture of safety, operational excellence, and continuous improvement in high-performance drilling environments.
