## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
Understanding the answer to the question, 'What does a roustabout do?' is essential for deciding whether this role is a good fit for you. The main operations in an oil and gas rig include exploration, drilling, production, work over and transportation of drilling equipment and material. Each of these operations makes use of a complex system of heavy machinery, equipment and tools. A roustabout's job is an entry-level role for professionals in the oil and gas industry. They provide round-the-clock service to perform these tasks and assist the crew members who supervise tasks. In most cases, the jobs that roustabouts engage in do does not require training and there is no limitation to what they may do on a rig. Setting up oil wellheads, maintaining the rig, maintaining pipes, tubes and pieces of equipment, scraping and painting rig	H2o,fire safety,
