Additional Information

Roles and Responsibilities	Additional Skills/Certification
A Floorhand in the drilling industry, often referred to as a Drilling Floorhand, plays a crucial role in the operation of an oil or gas drilling rig. They assist with the day-to-day operations on the drill floor and support the drilling crew in a variety of physical tasks. Assist in the operation of the drilling rig, including tasks such as setting up and breaking down equipment. Clean and maintain the drilling rig and its equipment to ensure smooth operations and safety. Perform routine inspections of tools, machinery, and safety equipment. Assist in maintaining the rig's cleanliness and tidiness, especially around the floor area. Handle heavy materials such as drill pipe, casing, and equipment, ensuring they are transported safely. Work with the Derrickhand and Driller to help manage and organize equipment on the rig floor.	Valid T.BOSIET and SEAMAN Book
