## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
A floorman, also known as a floor hand or roughneck, is a critical member of a drilling crew, primarily responsible for safely and efficiently assisting the driller in drilling operations. Their duties involve a mix of manual labor, equipment operation, and adherence to safety protocols. This includes making pipe connections, handling drill pipes, and manipulating sections of pipe or drill stem during drilling and tripping operations. Floormen are responsible for the maintenance and upkeep of equipment on the rig floor, including cleaning, lubricating, and inspecting tools and machinery. They assist with setting up and taking down drilling and service rigs and equipment. A crucial aspect of the job is maintaining a safe working environment by adhering to safety procedures, conducting safety checks, and participating in well control procedures.
