Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

maintaining and cleaning floors, operating and caring for specialized floor equipment, and ensuring compliance with all relevant safety standards. In settings such as oil rigs, tasks may also involve assisting with the handling and movement of equipment, supporting drilling operations, and following instructions from supervisors or engineers. You will regularly collaborate with other crew members to keep operations running smoothly and may participate in routine inspections or basic equipment maintenance. Assisting Drillers: Floormen work under the direction of the driller or well operator, assisting with tasks like rigging up and down, pulling and laying down rods, tubing, and casing. Pipe Handling: They manipulate sections of pipe or drill stem at the rig floor during drilling and pipe handling operations. Equipment Maintenance: This includes maintaining and repairing drilling equipment on the drill floor. Mixing Drilling Fluids: They supervise the mixing of drilling fluids and chemicals. Inventory Management: They maintain and track inventory of drilling materials and supplies. Heavy Machinery Operation: In some cases, Floormen may operate heavy machinery or equipment related to drilling operations.
