----------------------------	---------------------------------

In my previous role at [EGYPTIAN DRILLING COMPANY], I was responsible for assisting senior mechanics in performing inspections, repairs, and routine maintenance on drilling equipment. I also gained experience in troubleshooting machinery problems and implementing preventative measures to reduce downtime. I am confident that my proactive approach and attention to detail will be a valuable asset to your team.

Responsibilities : ? Preventive, corrective and predictive maintenance for all drilling rig equipment . ? Instruct all personnel assigned to me of their duties, their responsibilities and the necessary safety precautions prior to startup of any work. ? Establish the maintenance, overhaul and repair program for the equipment. ? To take safety measures to ensure work permit and energy isolation (if needed) as per HSE standard. ? Ensure that all personnel under my supervision possess the necessary qualifications and experience to properly carry out the work assigned to them in a professional and safe way. ? Ensure that all orders and instructions given in writing or verbally are fully understood.
