Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>My name is Mohamed, I live in Qena, and I graduated from the EGOTH College. After graduation, I worked in the oil industry for companies inside and outside Egypt. I am currently with Thino Tharwa Drilling Company, working on a drilling rig upgrade, God willing, on a 2000 Horsepower drilling rig. I am currently an assistant excavator with over four years of experience. I respect the rules and responsibilities provided by the company and work as part of a team. It is essential to distribute work roles effectively. To gain experience and propel our company forward, we must adhere to occupational safety regulations to meet the expectations of our superiors. May we live up to your expectations, and may you gain experience and learn from us. May God grant me all that I have to be a competent person in the company. Amen.</p>	<p>Well sharp 2026</p>
