-----------------------------------	--

I am a Petroleum Engineer who is genuinely passionate about contributing to the energy sector and growing within the industry. I enjoy working with people, organizing tasks, and supporting my team to make sure we move forward together. Over time, I have learned how important cooperation, clear communication, and mutual respect are for achieving good results. I am also comfortable working in tough and demanding environments, and these experiences have taught me resilience, patience, and the ability to stay focused under pressure. What motivates me most is the chance to apply my skills in a meaningful way. I want to be part of a company where I can continue learning, take on real responsibilities, and use my training to help deliver safe and efficient operations. I see every challenge as an opportunity to grow, and I am committed to building a strong and successful career in the petroleum industry. In my previous role, I worked closely with clients, listened to their needs, and ensured their records were properly updated. This helped me develop confidence, professionalism, and an understanding of how important good client relationships are. I would truly appreciate the opportunity to work with your company and contribute with dedication, teamwork, and a strong work ethic.

Drilling engineer
