## Personal Information

<b>Candidate id</b>	4714
<b>Name</b>	Tuvakdurdy Abalakov Gurbandurdyevich
<b>Date of Birth</b>	1990-06-22
<b>Salary (in USD)</b>	5000/Per Month
<b>Industry</b>	Production
<b>Sub Industry</b>	
<b>Nationality</b>	Turkmenistan
<b>Primary Language</b>	English,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	16

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Responsible for monitoring all wells and risers, ensuring continuous and safe production across all operational areas. Performs detailed well analysis to identify performance issues, optimize production rates, and support decision-making for field operations. Supervises well testing activities, pigging operations, and lifting operations while maintaining strict compliance with safety and operational standards. Actively involved in diesel fuel bunkering and hot diesel transfer operations, ensuring proper procedures, safe handling, and accurate documentation during all fuel transfer activities. Provides technical support to slickline and coil tubing teams during field interventions, assisting with job preparation, safety checks, and operational coordination. Participates in troubleshooting well performance issues, equipment faults, and production irregularities by gathering data, interpreting trends, and working with multidisciplinary teams to resolve problems. Supports daily field activities by maintaining communication with the DCS, field operators, and maintenance personnel to ensure stable production and equipment integrity. Contributes to optimizing well performance, improving operational efficiency, and maintaining a safe working environment. Demonstrates strong knowledge of offshore production workflows, well operations, artificial lift systems, and field safety standards, ensuring reliable and efficient operation of all assets under responsibility.

Skilled in well monitoring, well analysis, artificial lift systems, lifting and pigging operations, slickline and coil tubing support. Certified in AGT, ERTMT, H2S, Offshore Survival, Industrial Safety and Artificial Lifting.

## Education Summary

Course	University	Passing Year	Country
Field operation operator	DEG	2023	Turkmenistan
Workover operator	DEG	2007	Turkmenistan

## Career Summary

Position	Employer	Country	From	To
Workover operator	Galkynyshnebit	Turkmenistan	NaN/NaN	NaN/NaN
Offshore production operator	Dragon Oil	Turkmenistan	NaN/NaN	12/2025
