Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

In this role, I was responsible for maintaining a clean, safe, and efficient working environment through consistent housekeeping and equipment upkeep. My duties included cleaning work areas, tools, and machinery to ensure smooth daily operations and compliance with company safety standards. I was also actively involved in lifting and shifting materials, often handling heavy loads and assisting with the movement of equipment across the site. This required strong physical capability, awareness of surroundings, and adherence to safe lifting practices. Under the guidance of senior team members, I was entrusted with adding chemicals to the mud system, ensuring proper measurements and careful handling of materials. This task required attention to detail, following instructions accurately, and understanding basic operational procedures related to the mud system. Additionally, I regularly participated in safety meetings, contributing to a culture of awareness and prevention. These meetings helped reinforce safe work practices, identify potential hazards, and ensure full compliance with company and industry safety protocols. Overall, I demonstrated the ability to perform hard manual labour, adapt quickly to demanding tasks, and support the team in achieving operational goals. My commitment to safety, teamwork, and reliability allowed me to contribute effectively to daily site operations
