Industry	Geosciences
Sub Industry	
Nationality	Saudi Arabia
Primary Language	English,
Secondary Language	
Total Years of Experience	23

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am an accomplished Geoscientist and Oil & Gas Leader with more than 22 years of international experience in exploration, reservoir development, petrophysics, and upstream operations. Throughout my career, I have held senior leadership roles with national oil companies, global service providers, and private sector operators, driving projects that delivered measurable impact on exploration success, field development, and business growth. Alongside my core technical expertise, I bring strong credentials in Health, Safety & Environment (HSE) and Quality Management. I hold a NEBOSH certification and ISO 9001 certification, and I have led HSE planning, supervision, and compliance initiatives across drilling, seismic, and production operations. I am equally skilled in quality assurance, regulatory compliance, and project management, ensuring safe, efficient, and high-quality outcomes for stakeholders. My value lies in combining deep technical geology knowledge with HSE and quality management leadership, enabling me to contribute across technical, operational, and organizational domains. Currently, I am open to opportunities in Geoscience (Exploration, Reservoir, Petrophysics), Safety Officer roles, and Quality Management within the energy sector in the Middle East. Specialties: ? Petroleum Geology | Exploration & Development | Reservoir Studies | Petrophysics ? HSE Management | NEBOSH Certified | Safety Leadership | Compliance & Audits ? Quality Management | ISO 9001: | Risk Assessment | Project Management ? Cross-functional Leadership | Business Development | Stakeholder Engagement
