Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

The Safety Coordinator at Drydocks World plays a vital role in supporting the effective implementation of the Health, Safety, and Environment (HSE) Management System across ship repair, fabrication, and marine operations. The role ensures that all activities are carried out in compliance with company standards, client requirements, and applicable legal regulations. Key responsibilities include conducting regular site inspections, identifying unsafe acts and conditions, and ensuring timely implementation of corrective and preventive actions. The Safety Coordinator supports the Permit-to-Work (PTW) system, including hot work, confined space entry, working at height, and lifting operations, ensuring all controls are in place before work commences. The role involves monitoring workforce compliance with approved risk assessments, method statements, and safe work procedures. The Safety Coordinator actively participates in incident, accident, and near-miss investigations, prepares detailed reports, and follows up on action closures to prevent recurrence. Additionally, the Safety Coordinator delivers safety inductions, toolbox talks, and HSE awareness sessions to employees and contractors, promoting a strong safety culture. Maintaining accurate HSE records, inspection reports, and statistical data is also a key responsibility. The Safety Coordinator supports emergency response preparedness, drills, and coordination during emergency situations, ensuring readiness at all times.

ISO 45001 lead auditor, NEBOSH, ISOH, OSHA, Fire safety, first Aid, H2S, PTB, TRA, confined space
