## Additional Information

Roles and Responsibilities	Additional Skills/Certification
Provided HSE leadership and operational support for offshore drilling and marine operations, ensuring full compliance with company, client, and regulatory requirements including ISO 45001, ISO 14001, ISO 9001, IMO, and SOLAS. Successfully implemented and maintained HSE Management Systems, PTW, JRA/JSA, SIMOPS, LOTO, and DROPS programs, contributing to consistent Zero LTI performance. Led inspections, audits, hazard hunts, safety meetings, and safety campaigns to reduce unsafe acts and strengthen safety culture, while coordinating emergency response drills and supporting incident investigations, root cause analysis, and lessons learned. Managed environmental compliance covering waste management, spill prevention, and emissions reporting, maintained HSE KPIs and documentation, and worked closely with OIMs, Company Men, clients, and onshore teams to drive continuous improvement and operational discipline.
