## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

- Ensure implementation of safe systems of work and compliance with company HSE policies, local regulations, and international standards.
- Conduct pre-tour safety meetings with clients, supervisors, and contractors to communicate operational risks and safety controls.
- Deliver HSE inductions and on-site safety training for rig crew, contractors, and visitors.
- Lead and facilitate daily Toolbox Talks (TBTs), ART, and hazard identification sessions prior to operations.
- Implement and monitor the Permit to Work (PTW) system, including JSA and TRIC for all critical and non-routine tasks.
- Actively supervise high-risk activities such as hot work, cold work, confined space entry, work at height, lifting & rigging, and rig moves.
- Conduct risk assessments and Job Safety Analysis (JSA) for drilling, tripping, casing, and completion activities.
- Monitor and ensure safe execution of day-to-day drilling operations from spud to well completion.
- Coordinate with drilling crews and service companies to maintain safe operational practices on the rig floor and well site.
- Carry out daily, weekly, and monthly HSE inspections of rig equipment, camp facilities, and operational areas.
- Ensure inspection, maintenance, and readiness of firefighting equipment, H2S safety equipment, machinery, and emergency response tools.
- Conduct and lead emergency response drills, including H2S, fire, kick/blowout, rescue at height, and first-aid/man-down scenarios.
- Report incidents, near misses, and unsafe conditions through the incident reporting system (CATS) and follow up on corrective actions.
- Participate in accident/incident investigations, root cause analysis, and implementation of preventive measures.
- Support pre-spud audits, rig move activities, and safety preparations prior to operations.
- Promote a strong safety culture by identifying unsafe acts and conditions and ensuring immediate corrective actions.
- Maintain effective communication with management, clients, and crews regarding HSE performance and improvements.

NEBOSH IGC, IWCF L1, DROPS TTT, Adv. Firefighting & First Aid, H2S TTT, Lifting & Rigging, PTW, JSA, TRIC, LOTO, Confined Space, Risk Assessment/RCA, ISO 9001/14001/45001, Emergency Drills, Incident Reporting.
