-----------------------------------	--

I have extensive experience and a strong professional background in logistics, material management, and warehouse operations, with proven capability in coordinating the efficient movement of goods and supplies in accordance with company policies, regulatory requirements, and operational standards. Throughout my career, I have consistently supported onshore and offshore operations by ensuring timely material availability, accurate documentation, and full compliance with HSE and quality requirements. I possess strong communication and coordination skills, enabling me to work effectively with cross-functional teams, contractors, vendors, and stakeholders across multicultural and international environments. I am proactive, adaptable, and results-oriented, with a high level of initiative and a strong sense of responsibility in managing daily operational challenges. Known for my reliability and attention to detail, I am able to prioritize tasks, manage multiple activities simultaneously, and respond effectively to changing operational demands. I am highly motivated and committed to continuous improvement, always seeking opportunities to enhance efficiency, safety, and service quality. I am particularly interested in opportunities within international environments where I can contribute my technical expertise, practical experience, and professional work ethic while continuing to grow and add value to the organization.
