Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

In my current role at ONGC Ahmedabad, On Drillmac HH300 land hydraulic rig, I have successfully Maintained numerous instrumentation and control systems, resulting in significant improvements in process efficiency and safety. I have also collaborated with cross-functional teams to optimize system performance and reduce downtime. I am confident that my skills and experience would be a valuable asset to your team. In addition to my technical expertise, I possess excellent problem-solving and analytical skills, with a strong focus on safety and efficiency. I am a certified Network Engineer as well and have knowledge in commissioning and troubleshooting private networks. I also have knowledge about fire alarm systems and troubleshooting. Throughout my career, I have developed a strong understanding of instrumentation and control systems, including PLC, SCADA, and HMI. My experience in maintenance and calibration has given me a unique perspective on the importance of reliable and efficient systems, and I am well-versed in troubleshooting and resolving issues quickly and effectively. i have experience with software applications such as Microsoft office, Siemens simatic, TIA portal, SAP.

Mines and vocational training, First aid, Fire safety, MS office, Root cause analysis, Siemens tia portal.
