

**Falcon Multi Services Ltd**  
201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

## Personal Information

<b>Candidate id</b>	5206
<b>Name</b>	Thanish S
<b>Date of Birth</b>	2001-02-18
<b>Salary (in USD)</b>	300/Per Month
<b>Industry</b>	Production
<b>Sub Industry</b>	Stimulation
<b>Nationality</b>	India
<b>Primary Language</b>	English,
<b>Secondary Language</b>	Hindi,
<b>Total Years of Experience</b>	1

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Installed, calibrated, and maintained field instruments including pressure, temperature, flow, and level transmitters used in production facilities. Performed routine and breakdown maintenance of control valves, actuators, positioners, and solenoid valves. Supported operation and maintenance of PLC / DCS-based control systems, including loop checking and I/O testing. Maintained and calibrated process analyzers such as gas analyzers, H2S detectors, oil-in-water analyzers, and flow computers. Ensured proper functioning of ESD, PSD, and safety interlock systems in compliance with plant safety standards. Worked on instrument air systems, tubing, fittings, manifolds, and impulse lines. Assisted during plant start-up, shutdown, and commissioning activities. Troubleshoot instrumentation issues in separators, heaters, compressors, pumps, and storage tanks. Maintained calibration records, loop diagrams, P&IDs, and maintenance logs as per company and regulatory requirements. Coordinated with operations, electrical, and mechanical teams to ensure safe and efficient production operations. Monitoring and calibration of custody transfer and multiphase flow meters. Maintenance of gas detection and fire & gas (F&G) systems in hazardous areas. Instrumentation support for refinery units, pipelines, storage tanks, and loading/unloading systems. Calibration of flow meters, tank gauging systems, and analyzers for process control and custody transfer. Integration support with central DCS and plant-wide control systems.

Mines Vocational Training (MVT) – Safety practices, hazard identification, emergency response, and statutory compliance at ONGC Fire Fighting Training – Fire prevention, extinguisher operation, and emergency handling at ONGC

## Education Summary

Course	University	Passing Year	Country
Diploma ECE	DOTE	2020	India
B.E-ECE	Anna University	2024	India

## Career Summary

Position	Employer	Country	From	To
Instrumentation Engineer	ONGC	India	12/2024	12/2024
