<b>Nationality</b>	Malaysia
<b>Primary Language</b>	English,
<b>Secondary Language</b>	Hindi,
<b>Total Years of Experience</b>	23

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Hi, Gd day. Stated below are the details as required:

1. Health, Safety, and Environment (HSE): Promoting a rigorous safety culture, enforcing permit-to-work systems, and ensuring compliance with international maritime and environmental regulations to prevent pollution.
2. Emergency Response: Leading all emergency response efforts, including fires, blowouts, and evacuations. Overriding authority to make critical decisions to protect lives and the installation during crises.
3. Operational Management: Overseeing day-to-day drilling, completions and maintenance activities to ensure targets are met efficiently and without disruption.
4. Personnel Management: Coordinating a diverse crew of 80 –120 people, including engineers, drilling teams, supervisors, and crew. This includes managing schedules, discipline, and crew welfare.
5. Regulatory Compliance: Maintaining all rig certifications, licenses, and documentation required by governing bodies like the IMO or national offshore safety authorities.
6. Budget and Logistics: Managing the rig's budget, approving material requisitions, and overseeing the loading/unloading of supplies from vessels and helicopters.
7. Communication: Serving as the primary link between the offshore installation and onshore management, client representatives, and regulatory agencies.

IWCF Level 4  
(Surface & Subsea)  
Bosiet Major  
Emergency Major  
Incident Reporting
