Personal Information

Candidate id	5345
Name	Yuliadi
Date of Birth	1991-07-31
Salary (in USD)	40000/Per Annum
Industry	Engineering & Science
Sub Industry	Electrical Engineer
Nationality	Indonesia
Primary Language	English,
Secondary Language	English,
Total Years of Experience	8

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Drilling Engineer Pekanbaru, Indonesia PT. Pertamina Hulu Rokan July 2022 -present

- Plan and execute drilling operations with a focus on safety, cost efficiency, and regulatory standards.
- Develop comprehensive well-specific drilling programs, including detailed engineering design and cost estimation.
- Conduct area and offset well reviews, analyze subsurface and operational data, and assess new technologies to enhance well design and drilling performance.
- Serve as Lead Drilling Engineer in engineering reviews, delivering technical assessments, peer reviews, and supporting approvals for drilling programs and development plans.
- Review historical well files to produce complete drilling, completion, and servicing histories for engineering reference.
- Provide real-time engineering support to Drilling Site Representatives, including daily monitoring, analysis, and troubleshooting during operations.
- Prepare post drilling documentation such as End of Well Reports (EOWR), Final Drilling Reports, performance analysis, and lookback studies.
- Conduct well-level budget monitoring and cost control, ensuring alignment with approved WP&B.
- Coordinate material readiness and availability in collaboration with supply chain and materials management teams.
- Lead “Drilling on Paper” (DoP) sessions covering well objectives, risks, mitigations, and execution strategies.
- Work closely with service companies and vendors to support program preparation, technical clarifications, and operational readiness.
- Drive continuous improvement initiatives in well design, operational practices, and drilling performance.
- Support development well projects across multiple Pertamina fields, including scheduling, material forecasting, and budget preparation.
- Collaborate cross-functionally with subsurface, asset teams, operations, HSE, supply chain, and management for integrated project delivery.
- Manage drilling project schedules and stakeholder communication across all disciplines.

Paper Presenter : Drilling & Well Technology Forum (DWTF) 2025 Depok, Indonesia Dec 2025 • “Advanced Cycle Time Optimization Through Rotary Steerable System (RSS) Implementation: A Performance Enhancement Approach in ROP, Operational Efficiency, and Well Placement Accuracy in Horizontal Well”

Landmark, Wellplan, WellCat, stresscheck, casing seat, wellview. IADC APB

Education Summary

Course	University	Passing Year	Country
Bachelor degree	Islamic University of Riau	2015	Indonesia

Career Summary

Position	Employer	Country	From	To
Drilling Engineer	PT. Pertamina Hulu Rokan	Indonesia	07/2022	07/2026
Contract Analyst and Procurement Analyst	PT. Waskita Niaga Prima - PT. Pertamina Hulu Rokan	Indonesia	08/2021	06/2022
Contract Analyst and Procurement Analyst	PT. Waskita Niaga Prima - PT. Chevron Pacific Indonesia	Indonesia	01/2021	08/2021

Position	Employer	Country	From	To
Environmental Data Manager	PT. AECOM Indonesia	Indonesia	04/2020	12/2020
Procurement, Contract and Vendor Management Coordination Senior Officer	PT. Antam	Indonesia	02/2017	03/2020
Planner / i-JMS Operator	PT. EJJV Engineering Indonesia	Indonesia	04/2016	12/2016
On Job Training	PT. Chevron Pacific Indonesia	Indonesia	04/2015	09/2015
Lecturer Assistant	Islamic University of Riau	Indonesia	06/2012	09/2015
