

FALCON®
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	5452
Name	Okezie Daniel
Date of Birth	1980-05-24
Salary (in USD)	700/Per Day
Industry	Engineering & Science
Sub Industry	Physicist
Nationality	Nigeria
Primary Language	English,
Secondary Language	English,
Total Years of Experience	15

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

<ul style="list-style-type: none"> · Led technical coordination for offshore project planning, ensuring drilling procedures reflected accurate geological interpretations and engineering standards. · Developed comprehensive casing, cementing, and operational execution plans tailored to specific well conditions and formation pressures. · Provided on-site oversight during critical drilling operations, ensuring smooth execution of engineering procedures and adherence to safety expectations. · Facilitated the integration of drilling performance findings into future planning processes to enhance project accuracy and operational reliability. Designed comprehensive well engineering deliverables, including well architecture, operational sequencing, and contingency protocols supporting safe onshore development. • Organized post-operation engineering reviews to capture technical insights, improve procedural effectiveness, and strengthen long-term operational standards. • Interpreted diverse datasets—drilling parameters, formation behavior, directional surveys—to assess well performance and recommend engineering adjustments. • Coordinated planning sessions with geoscience, operations, and logistics teams to streamline drilling workflows and ensure effective project execution. 	I WCF. _DL4SS-00153235-SA-9DFJ
