

**Falcon Multi Services Ltd**  
201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

## Personal Information

<b>Candidate id</b>	5543
<b>Name</b>	Mahmoud Mohamed Mahmoud Hussein
<b>Date of Birth</b>	1997-12-01
<b>Salary (in USD)</b>	6000/Per Month
<b>Industry</b>	Drilling / Rig
<b>Sub Industry</b>	Rig Electrician
<b>Nationality</b>	Egypt
<b>Primary Language</b>	Arabic,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	7

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

1. Wellsite Leadership & Coordination • Acts as the operator's representative at the rig. • Leads all drilling, completion, or workover activities at the wellsites. • Coordinates between rig crew, service companies, logistics, and office support. • Ensures smooth communication and alignment between all parties. ? 2. Health, Safety & Environment (HSE) • Fully responsible for safe execution of operations. • Enforces company HSE policies, local regulations, and industry standards. • Conducts toolbox talks, safety meetings, and JSAs. • Ensures proper use of PPE and safe systems of work. • Has full authority to stop work if unsafe conditions exist. • Ensures emergency equipment and well control systems are always functional. ? 3. Drilling Operations Execution • Executes the approved Drilling Program step by step. • Supervises: • Spudding • Drilling • Tripping • Circulation • Casing running • Cementing • Ensures correct parameters (WOB, RPM, flow rate, mud properties). • Monitors hole conditions and takes corrective actions. ? 4. Well Control & Well Integrity • Ensures primary and secondary well barriers are always in place. • Confirms correct BOP configuration, pressure tests, and function tests. • Verifies kick detection systems are active. • Leads initial response during well control incidents. • Ensures crew competency and valid IWCF / IADC well control certification. ? 5. Contractor & Service Company Management • Supervises drilling contractor and service companies (mud logging, MWD/LWD, cementing, directional drilling, wireline, etc.). • Ensures services are delivered as per contract and scope of work. • Resolves operational conflicts at the rig site. • Verifies service quality and approves job execution. ? 6. Cost Control & Performance Optimization • Tracks daily drilling cost and service charges. • Identifies and reduces Non-Productive Time (NPT). • Optimizes drilling parameters to improve ROP and efficiency. • Recommends operational changes to reduce cost without compromising safety. ? 7. Equipment, Materials & Logistics • Ensures availability of: • Drill pipe, BHA components • Mud chemicals • Cement and additives • Fuel, water, and spare parts • Confirms equipment certification and fitness for purpose. • Coordinates logistics, transport, and supply chain activities. ? 8. Monitoring, Reporting & Documentation • Prepares Daily Drilling Reports (DDR). • Reports incidents, near misses, and lessons learned. • Records depths, times, formations, and operational changes. • Communicates progress and technical issues to drilling engineers and management. ? 9. Risk Management & Problem Solving 10. Compliance & Regulatory Responsibilities. 11. Leadership & Mentoring

IWCF level 4 certified. HUET Certified. Nebosh Certified.
