Additional Information

Roles and Responsibilities	Additional Skills/Certification
Plan and execute field operations as a lead hand in Open and Cased hole fishing, running whipstocks, casing cut and pull, casing milling, section milling and Coil Tubing Milling operations. As a Lead Drilling Product Engineer, I have been involved in enhancing drilling performance by improving bit designs and reducing NPT through technologies as CWD, Under-reamers and other Downhole tools. I am well versed in offset well analysis to benchmark field performance and improve efficiency by minimising ILT in operations. Executed several benchmark projects in India with ONGC, OIL and Cairn. Carried out Kuwait's first dual casing whipstock sidetrack through 9-5/8" and 13-3/8" casing in a single trip. Also executed the first non-directional casing while drilling project in Shuaiba field under SLB LSTK banner.
