Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Develop and maintain effective on-site working relationships to foster collaboration and safety compliance. Lead incident investigations, document root causes, and report findings to the Company HSSE Manager. Conduct regular workplace audits to identify hazards, unsafe acts, or unsafe conditions, and implement corrective actions. Ensure readiness and maintenance of emergency response equipment through routine inspections and testing. Organize and deliver HSE training sessions, safety briefings, and drills for all personnel involved in drilling operations. Monitor and enhance HSE programs tailored to drilling operations. Conduct routine safety inspections, risk assessments, and audits. Promote a proactive safety culture by fostering engagement and communication between management, field teams, and contractors. Prepare detailed HSE reports (daily, weekly, monthly) and maintain accurate records of audits, incidents, corrective actions, equipment inspections, and training sessions. Ensure compliance with company policies, local regulations, and international safety standards. Host daily safety toolbox talks and pre-shift briefings. Conduct Risk Assessments for high-risk activities (e.g., drilling, well control, heavy lifting). Validate control measures with operational teams. Test site-specific emergency response plans for scenarios.
