## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Implement and enforce safety protocols and procedures to minimize risks and ensure compliance with OISD and DGMS regulations. ? Conduct regular safety inspections and audits to identify potential hazards and implement corrective actions. ? Develop and maintain comprehensive HSE management systems for onshore drilling operations. ? Manage and coordinate emergency response plans, including H2S, fire, pit, and well control. ? Oversee permit to work systems for critical drilling operations and ensure compliance with regulatory requirements. ? Monitor and report on drilling-specific safety parameters and rig safety compliance. ? Conduct SIMOPS, HAZOP, and drilling-specific safety assessments to identify potential risks and implement mitigation measures. ? Collaborate with drilling teams to develop and implement safe operating procedures and guidelines. ? Provide training and guidance to drilling personnel on safety procedures and protocols. ? Investigate incidents and near-misses, and implement corrective actions to prevent recurrence. ? Conduct risk assessments and enforce preventative measures in place prior to starting activities. ? Perform onsite audits to ensure regulatory compliance, and conduct investigations. ? Inspect premises and the work of personnel to identify issues or non-conformity (e.g. not using protective equipment and statutory compliances). Enforce safety guidelines and train personnel on emergency response procedures.
