Personal Information

Candidate id	5655
Name	Mujeer Nazeer
Date of Birth	1998-11-22
Salary (in USD)	3000/Per Month
Industry	Engineering & Science
Sub Industry	Electrical Engineer
Nationality	India
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	5

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Mujeer Nazeer – Drilling Engineer I am a Petroleum Engineering graduate with over five years of experience in the oil and gas industry, specializing in drilling engineering software, real-time monitoring, and drilling program development. In my current role as a Drilling Engineer at Sterling Oil, Nigeria, I focus on designing, planning, and optimizing drilling operations for oil, gas, and injection wells across exploration and development projects. My core expertise centers on advanced engineering software and performance monitoring. I am highly proficient in Landmark applications, including COMPASS for well trajectory design, StressCheck for casing design, and WellPlan for hydraulics, torque and drag analysis, and a wide range of drilling simulations. These tools form the backbone of my work in building robust drilling programs, evaluating well integrity, and ensuring optimal drilling performance. I also oversee real-time monitoring of drilling operations to support safe, efficient, and continuous execution in the field. Additionally, I manage the procurement of drilling materials and equipment according to the annual operational plan, ensuring smooth and cost-effective project delivery.
