Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

- Orchestrated proactive risk analysis and control of high-risk-interfaces during Simultaneous Operations (SIMOPS), specifically managing parallel drilling and initial production start-up from adjacent wells.
- Streamlined the risk assessment methodology by developing and deploying a digital video guide, thereby standardising systematic JSA for high-risk procedures.
- Collaborated with client HSE teams to proactively address and resolve complex safety issues and risk mitigation strategies.
- Directed comprehensive safety incident investigations, managing the full forensic process from witness interviews and data gathering to verification and final Root Cause Analysis (RCA).
- Implement field-level waste minimisation strategies (source reduction, recycling, reuse) to minimise the generation of hazardous and non-hazardous waste streams.
- Validate the implementation of the Hierarchy of Controls (Elimination, Substitution, Engineering, Administrative, PPE) for all high-risk activities (e.g., confined space entry, working at heights, lifting operations).

1. Certified Safety Professional (CSP) awarded by Board of Certified Safety Professional (BCSP). 2. Level 6 International Diploma in Occupational Health and Safety Management Professionals awarded by NEBOSH UK. 3. Train the Trainer. 4. NEBOSH (IGC).
