Industry	Production
Sub Industry	Production Operator
Nationality	Pakistan
Primary Language	English, Hindi,
Secondary Language	
Total Years of Experience	8

## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Greetings, HR Recruitment Team, I hope this email finds you in good health. My resume is attached, and this is a brief introduction of myself. As a process, operations, and commissioning engineer for oil & gas and petrochemical plants, I have more than 8 years of experience. I have knowledge of process PFDs, P&IDs, isometric drawings, gas processing units, petrochemical operations and equipment, equipment startup and commissioning, manuals and procedures, equipment specifications, process descriptions, design basis, process datasheets, safety charts, cause and effect diagrams, trips and alarm schedules, functional and control logic descriptions, and system engineering/operating manuals, all of which are subject to familiarity. I also have a good understanding of feasibility and conceptual studies, including PFDs (process flow diagrams) and P&IDs (piping and instrumentation diagrams). I am aware that the facility has implemented and documented QHSE standards and procedures (LOTO, CSO, CSC PTW, TBM, and JHA). These competencies form the basis of my expertise, but it is not exclusive. Capacity to accept accountability and actively pursue difficult tasks. Strong drive and vision. Result-oriented and an effective team player. Superior communication abilities with others. Please find my detailed resume attached. Sincere regards, Shoaib Ahmed: Cell & WhatsApp: [+92 333 7309997]

IOSH, NFPA 101,  
350, Basic  
firefighting Course
