MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	5825
Name	Yunus Emre Cünedio?lu
Date of Birth	2000-10-15
Salary (in USD)	3000/Per Month
Industry	Engineering & Science
Sub Industry	Physicist
Nationality	Turkey
Primary Language	English,
Secondary Language	Arabic,
Total Years of Experience	1

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Planned, coordinated, and supervised all daily rig operations to ensure drilling activities were conducted safely, efficiently, and in a cost-effective manner in accordance with company policies and industry standards. Managed and supervised drilling crews, contractors, and third-party service companies to maintain continuous operations and minimize non-productive time. Ensured full compliance with IWCF Level 4 well control standards, company well control procedures, and regulatory requirements throughout all phases of drilling operations. Implemented, monitored, and enforced HSE policies in line with international onshore and offshore safety regulations, actively promoting a strong safety culture on the rig. Conducted regular toolbox talks, safety meetings, and risk assessments to identify potential hazards and ensure corrective actions were implemented promptly. Coordinated closely with drilling engineers, mud engineers, cementing teams, and HSE officers to optimize drilling performance, improve operational efficiency, and maintain well integrity. Monitored drilling parameters, equipment performance, and operational risks in real time, taking immediate corrective actions when abnormal conditions or potential hazards were identified. Oversaw drilling fluids programs, cementing operations, and well integrity activities to ensure technical accuracy and operational reliability. Prepared, reviewed, and submitted Daily Drilling Reports (DDR) and other operational documentation, ensuring accurate reporting of drilling progress, equipment status, and safety performance. Acted as the primary point of communication between field operations and office-based engineering and management teams, supporting effective decision-making and operational continuity.

IWCF Level-4 /
BOSIET with
CAEBS

Education Summary

Course	University	Passing Year	Country
Petroleum and Natural Gas Engineering	İzmir Katip Çelebi University	2018	Turkey

Career Summary

Position	Employer	Country	From	To
Rig Manager	Viking International Company	Turkey	03/2025	12/2025
