-----------------------------------	--

I'm a drilling and workover supervisor I have good experience with different land rigs 1500 HP ,2000 HP & 3000 HP , I have good experience in oil field I have with major oil and gas companies like sonatrach oil stream and Aramco URDD ( Oil and gas wells) , currently I'm working with Aramco URDD jafuah field long lateral section. My primary role is to direct the drilling or working over of wells located anywhere in the well drilling or workover program. Such wells may be exploratory or development and entail the search for or development of hydrocarbon deposits, principally oil and gas. Directs all well operations efficiently, safely and according to accepted industry practices as outlined and specified in the well Drilling or Workover program issued by the Drilling Engineering Dept. Co-ordinates the timely ordering of required well materials, equipment and services according to the well program. Ensures that company Blowout Prevention Standards are met in all respects including equipment configuration, testing and crew response. Assures that rig and personnel comply with company established safety standards and procedures.

Skills : drilling operations, Safety management, software implementation and Team training. Certified well sharp,H2S,stuck pipe , casing design and drill bits certificate.
