Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Safety Leadership: Enforcing HSE (Health, Safety, Environment) policies and procedures rigorously. Conducting safety meetings, emergency drills (BOP drills), and risk assessments. Ensuring personnel are properly trained and equipped for safe work. **Operational Supervision:** Directing daily drilling, completion, and workover activities. Monitoring and optimizing drilling parameters (mud weight, penetration rate). Managing the rig site, equipment, and personnel to ensure smooth operations. **Crew & Contractor Management:** Leading, mentoring, and guiding drilling crews. Coordinating with and supervising third-party service providers and contractors. **Logistics & Planning:** Ensuring timely arrival of personnel, materials, and equipment. Preparing for casing, cementing, and other critical operations. Managing inventory and material requisitions. **Reporting & Communication:** Providing real-time feedback to drilling engineers. Preparing daily drill reports, incident reports, and other administrative documentation. Liaising with management, clients, and other stakeholders. **Problem Solving:** Troubleshooting operational issues and taking corrective actions. Identifying inefficiencies and developing new practices for improvement.
