

**Falcon Multi Services Ltd**  
201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

## Personal Information

Candidate id	6061
Name	Ahmad Zeighami
Date of Birth	1980-08-23
Salary (in USD)	6500/Per Month
Industry	Drilling / Rig
Sub Industry	Driller
Nationality	Canada
Primary Language	English,
Secondary Language	Arabic,
Total Years of Experience	20

## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

- Drilling, workover and completion on offshore jack-up rigs.
- Conducted workover on offshore sour gas wells and CRA mono-bore completion.
- Specialized in The Middle East fields, including Qatar-Iran Gas Field.
- Managed large-scale projects across various fields and geologies.
- Drilled oil and gas wells on offshore and land rigs.
- Managed drilling on pads, platforms, and mud-line suspensions.
- Drilled highly deviated and extended reach wells.
- Conducted exploratory, appraisal, and development well drilling.
- Addressed hole problems, including loss/gain, shale, and salt formation stuck situations.
- Conducted fishing, milling, and retrieving downhole tools.
- Managed high-pressure water, oil, or gas kicks and well control situations.
- Performed conventional/mono-bore CRA completion/de-completion.
- Worked with various drilling/completion fluids (Polymer WBM, Synthetic OBM, Brine).
- Conducted workover, suspensions, and abandonment operations.
- Conducted testing, logging, and coring operations.
- Performed acidizing, coiled-tubing, perforation, and clean-up.
- Prepare and model drilling/workover plans and programs.
- Review tender documents, procurements, and scope of work.
- Monitor and analyze progress during drilling, completions, and workovers.
- Provide instructions and advice to prevent delays.
- Ensure material allocation meets requirements and objectives.
- Analyze and integrate data from daily drilling reports.
- Monitor and report activities according to plans.
- Evaluate contractors' performance and verify invoices.
- Support drilling and workover operations.
- Manage job requirements, procedures, and materials.
- Conduct failure studies and recommend improvements.
- Review and approve engineering designs.
- Stay updated on industry trends and new techniques.
- Identify poor drilling practices and enhance performance.
- Promote safety and environmental performance.
- Collaborate with multi-disciplinary teams.
- Prepare accurate cost estimates and optimize budgets.
- Support operational excellence initiatives.
- Submit end-of-well, drilling, and geological reports.
