## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Responsible for supporting daily field and operational activities while ensuring full compliance with company policies and health, safety, and environmental (HSE) standards. Actively participated in routine inspections, toolbox meetings, and safety briefings to maintain a safe and productive working environment. Consistently adhered to established safety procedures, including the proper use of personal protective equipment (PPE), hazard identification, and risk control measures during all field operations. Assisted supervisors and team leaders in executing operational tasks efficiently, ensuring work was completed according to instructions, schedules, and quality requirements. Demonstrated the ability to follow standard operating procedures (SOPs) and adapt to changing work conditions in dynamic, shift-based environments. Maintained clear communication with team members to support teamwork, coordination, and smooth workflow across different departments. Participated in basic maintenance activities, housekeeping, and monitoring of equipment to ensure operational readiness and minimize downtime. Reported unsafe conditions, near misses, and equipment issues promptly to supervisors to support continuous improvement in workplace safety. Showed strong commitment to discipline, punctuality, and responsibility in all assigned duties. Contributed positively to team morale by being cooperative, reliable, and willing to assist colleagues when needed. Maintained accurate awareness of job responsibilities and demonstrated a proactive attitude toward learning new skills and improving performance. Overall, played an active role in supporting operational efficiency while prioritizing safety, compliance, and teamwork in all work activities.

Strong safety awareness, teamwork skills, and ability to follow instructions. Experienced in shift-based operations, basic field support, and compliance with HSE standards. Physically fit, disciplined, and reliable.
