Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

I am a skilled Field Operator with strong experience in oil and gas operations. My core skills include safe process operation, continuous plant monitoring, and strict adherence to HSE standards. I am experienced in start-up, shutdown, and emergency procedures, ensuring smooth and safe plant performance. I have hands-on knowledge in operating pumps, compressors, valves, and related equipment, along with routine inspection and troubleshooting. I am proficient in Permit to Work systems, gas testing, isolation procedures, and lockout tagout practices. I can read and interpret P&IDs, process flow diagrams, and operating manuals accurately. I have experience in sampling, quality checks, and basic laboratory coordination. I support preventive maintenance activities and coordinate effectively with maintenance teams. I am trained in emergency response, firefighting awareness, and first-level incident control. I maintain clear communication during shift handovers and daily reporting. I follow good housekeeping and 5S practices to maintain plant discipline. I work effectively in teams, follow instructions, and respect operational hierarchy. I am adaptable to shift work and harsh field conditions. I focus on reliability, operational efficiency, and continuous improvement. Overall, I am committed to safe, efficient, and responsible field operations at all times, while supporting production targets and organizational goals worldwide operations.
